# **CREAREA UNEI GALERII FOTO IN JOOMLA!**

# 1. DOWNLOADAREA UNUI PLUGIN

- ✘ Pentru a exemplifica vor folosi un plugin gratuit (Simple Image Gallery – <http://extensions.joomla.org>)

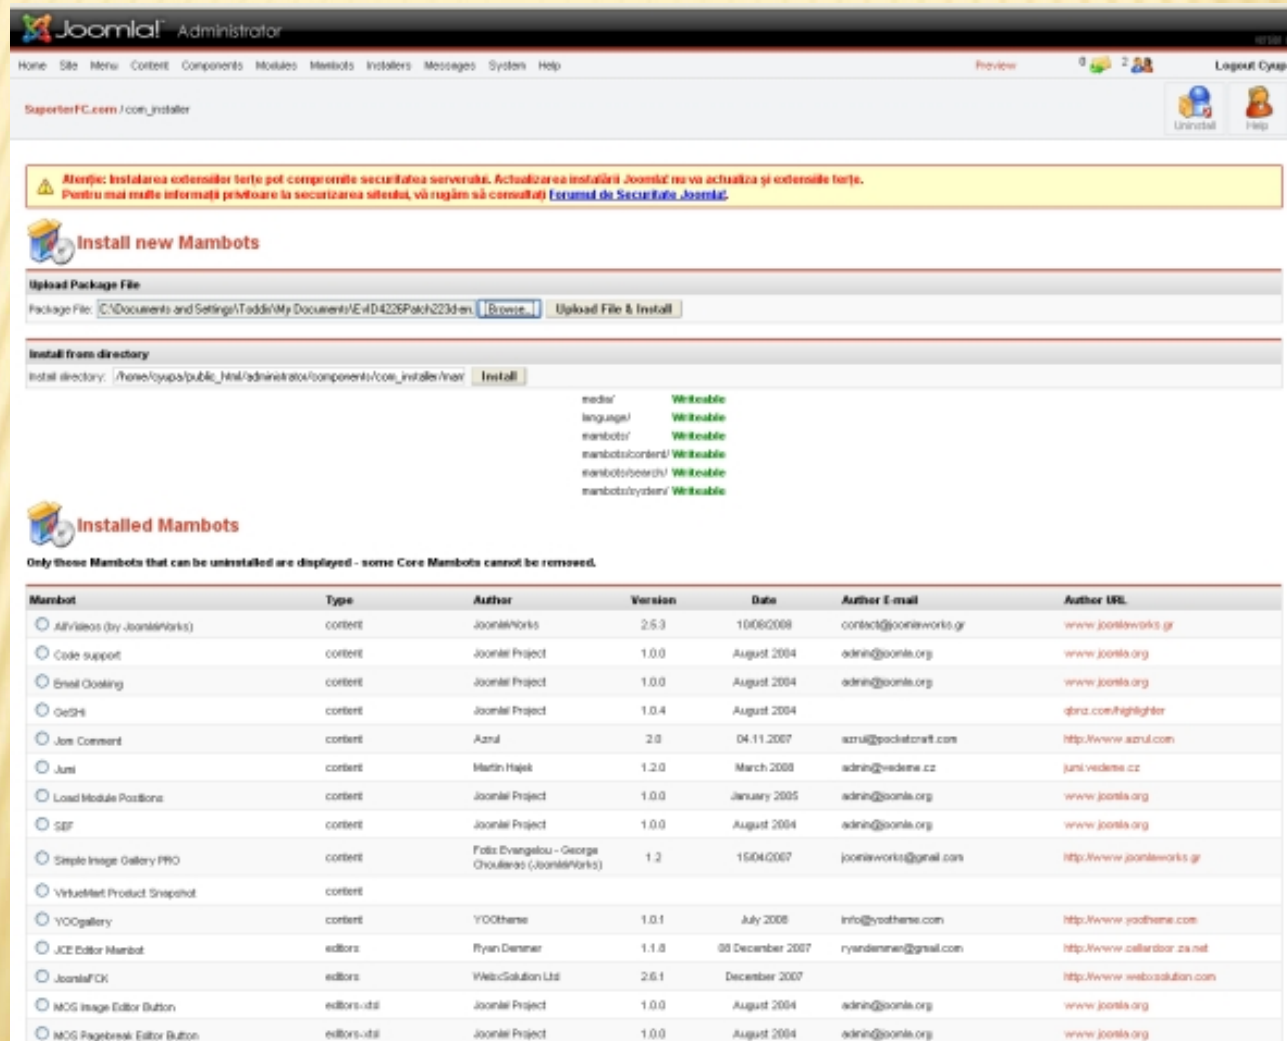

The screenshot displays the Joomla! Extensions Directory website. At the top, the Joomla! logo is visible with the tagline "...because open source matters". The navigation menu includes Main, Community, Documentation, Forum, Extensions, Shop, and Developers. A search bar is present, and a notification indicates "Serving 4203 extensions to the community. Last updated today." The main content area features a banner for CushyCMS and a section for the Simple Image Gallery plugin. The plugin details include:

- Simple Image Gallery** (plugin)
- Developer: JoomlaWorks
- Version: 1.2.1 (Updated 17 days ago)
- E-mail: [contact@joomla-works.gr](mailto:contact@joomla-works.gr)
- Compatibility: Joomla 1.5.x
- Views: 424,825
- License: GPLv2.0
- Favoured: 125
- Type: Non-Commercial
- Date Added: Dec 5, 2006

Below the details, there are buttons for Download, Homepage, Demo, Documentation, Support, Write Review, and Recommend. A detailed description of the plugin follows, explaining its functionality and installation instructions. The description mentions that the plugin is now super-easy and simple to use, allowing users to add galleries to Joomla! content items. It also notes that the plugin is ideal for news portals and product images, and provides a link to the plugin's parameters page for more information.

## 2. INSTALAREA UNUI PLUGIN (MAMBOT)

- ✘ In panoul de control mergem la Install -> Mambots, selectam arhiva apoi dam click pe “Upload and Install”

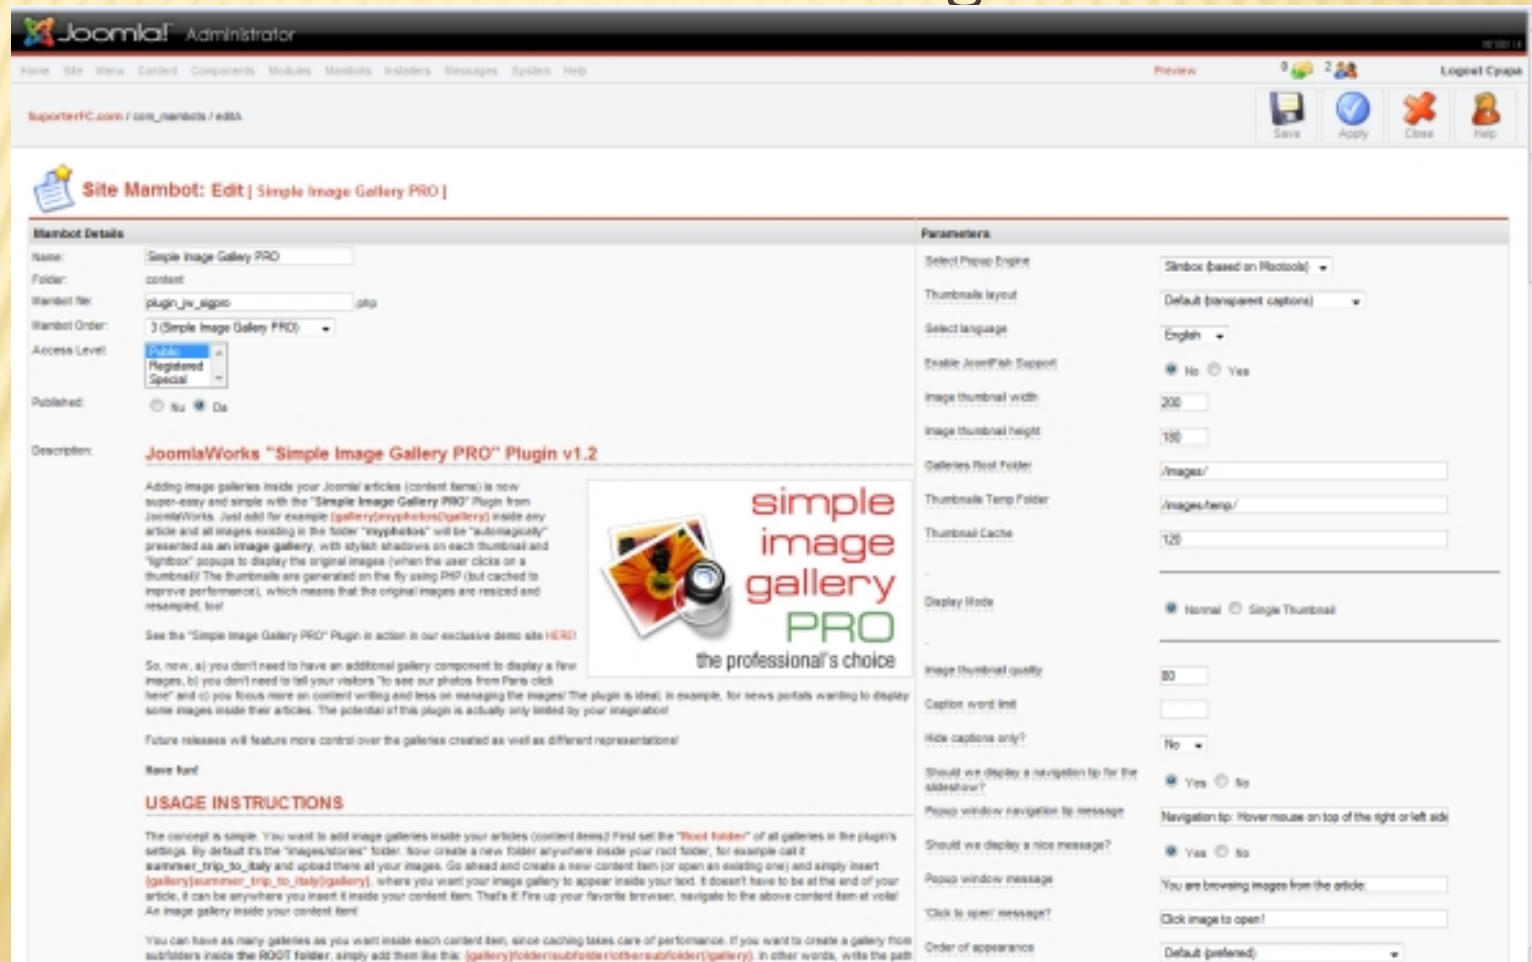

The screenshot shows the Joomla! Administrator interface. At the top, there is a navigation menu with links like Home, Site, Menu, Content, Components, Modules, Mambots, Installers, Messages, System, and Help. Below the menu, there is a warning message about third-party extensions and security. The main section is titled "Install new Mambots" and contains two options: "Upload Package File" and "Install from directory". The "Install from directory" option is selected, showing a list of available mambots with their names and "W!table" status. Below this, there is a section titled "Installed Mambots" with a table listing various mambots and their details.

Mambot	Type	Author	Version	Date	Author E-mail	Author URL
<input type="radio"/> AllVideos (by JoomlaWorks)	content	JoomlaWorks	2.5.3	10/06/2008	contact@joomlaworks.gr	www.joomlaworks.gr

# 3. SETAREA PLUGIN-ULUI

- ✘ Dam click apoi pe Mambots-> Site Mambots si alegem Simple Image Gallery, aici vom putea seta dimensiunea imaginilor din galerii sau folderul unde se vor afla galeriile.

The screenshot displays the Joomla! Administrator interface for editing the 'Simple Image Gallery PRO' site mambot. The interface is divided into several sections:

- Mambot Details:** Includes fields for Name (Simple Image Gallery PRO), Folder (content), Mambot file (plugin\_jw\_simgo.php), Mambot Order (3), Access Level (Public), and Published status (radio buttons for No, Yes, Disabled).
- Description:** Contains text describing the plugin's functionality, a link to a demo site, and usage instructions. A promotional image for 'simple image gallery PRO' is also present.
- Parameters:** A list of configuration options including:
  - Select Photo Engine: Simbox (based on FRootools)
  - Thumbnail layout: Default (transparent captions)
  - Select language: English
  - Enable jQueryish Support: Yes
  - Image thumbnail width: 200
  - Image thumbnail height: 150
  - Galleries Root Folder: /images/
  - Thumbnail Temp Folder: /images/temp/
  - Thumbnail Cache: 120
  - Display Mode: Normal (radio buttons for Single Thumbnail)
  - Image thumbnail quality: 80
  - Caption word limit: (empty field)
  - Hide captions only?: No
  - Should we display a navigation tip for the slideshow?: Yes
  - Popup window navigation tip message: Navigation tip: Hover mouse on top of the right or left side
  - Should we display a nice message?: Yes
  - Popup window message: You are browsing images from the article.
  - Click to open message: Click image to open!
  - Order of appearance: Default (preferred)

# 4. CREAREA GALERIEI FOTO

- ✘ Pentru a crea galeria foto trebuie creat un articol nou si scris un cod dupa tiparul “`{gallery}myphotos{/gallery}`” de exemplu: `{gallery}galerii/suceava_botosani_cupa/{gallery}`, unde path-ul dintre paranteze reprezinta adresa folderului cu imagini din directorul cu galerii prestat.

The screenshot displays the Joomla! Administrator interface for creating a new content item. The main editing area contains the following HTML code: `{gallery}galerii/suceava_botosani_cupa/{gallery}`. The 'Publishing Info' tab is selected, showing the following details:

Field	Value
Published:	<input checked="" type="checkbox"/>
Access Level:	Public
Author Alias:	
Change Creator:	Redinluc Ciprian
Ordering:	Articole noi, implicit începând cu primele. Ordonarea se poate schimba după ce acest articol a fost salvat.
Override Created Date:	
Start Publishing:	2008-12-17 01:32:23
Finish Publishing:	Never
State:	Published
Hits:	0 times
Revised:	0 times
Created:	New document
Last Modified:	Not modified

# 5. VIZUALIZAREA GALERIEI FOTO

- ✘ Pentru a vizualiza galeria foto trebuie doar sa accesati articolul creat special pentru aceasta. (Articole respective pot contine si text sau alte imagini, codul va returna doar galeria foto)

The screenshot displays a website interface with a central photo gallery and several sidebars. The main content area is titled "FOTGRAFII OFERITE DE IONUT TABUL TOC." and contains three photographs: a soccer team in white uniforms, a group of people holding a banner that reads "BT PRIDE SA INFINIAT SA VA FAÇA DE CACAT!", and a large crowd of people at a "BT PRIDE" event. The left sidebar includes a blue box for "Online acum" (1 visitor), a red box for "Linkuri sponsorizate" with links to online casino and gambling sites, and a large red and yellow "HOSTGATOR" advertisement for \$7.95 per month. The right sidebar features a vertical stack of advertisements: "Monitorul Sport" (botosani.ro), "Site Oficial Club Sportiv AS Roma" (www.asroma.ro), "CAMBIA AMEPEI", "Portal de pariuri, premii si bonusuri" (1Solist.ro), "Latino Laga", and "FOTOREPORTER: Ionut Tabultoc".
